

LICENSED EMPLOYEE PERSONAL ILLNESS LEAVE

Licensed employees shall be granted fifteen days of sick leave in their first year of employment. Each year thereafter, fifteen additional day of sick leave will be granted to the licensed employees. "Day" is defined as one work day regardless of full-time or part-time status of the employee. A new employee shall report for work at least one full work day prior to receiving sick leave benefits. A returning employee will be granted the appropriate number of days at the beginning of each fiscal year.

Sick leave may be accumulated up to a maximum of 180 days for licensed employees.

Evidence may be required regarding the mental or physical health of the employee when the administration has a concern about the employee's health. Evidence may also be required to confirm the employee's illness, the need for the illness leave, the employee's ability to return to work, and the employee's capability to perform the duties of the employee's position. It shall be within the discretion of the superintendent to determine the type and amount of evidence necessary.

The requirements stated in the Master Contract between employees in that certified collective bargaining unit and the board regarding the personal illness leave of such employees shall be followed.
