

STUDENT HEALTH SERVICES

Student health services are an integral part of total educational program assisting all students to increase learning, achievement and performance. Student health services coordinate and support existing programs to assist each student in achievement of an optimal state of physical, mental and social well being. Student health services ensure continuity and create linkages between school, home, and community service providers.

Nurses and other medical and health service personnel employed by or requested to conduct services for the Board shall hold or be supervised by a person with a current Iowa license.

Health services provided on a district-wide basis will include the following:

- Emergency care for the ill and injured
- Prevention of illness and promotion of optimal health
- Vision screening
- Hearing screenings
- Communicate with the medical community, parents, school staff, AEA and central office
- Report communicable disease
- Report student injuries
- Report and maintain student immunization records
- Report child abuse observed by certified personnel
- Provide hazardous chemical disclosure
